

MOMS Club of Parker West

Goals

- To provide a support group for mothers who choose to stay at home to raise their children
- To provide a forum for topics of interest to mothers
- To help children in the community
- To perform at least one service project yearly helping needy children

Principles

- That women must be free to choose their personal path to fulfillment
- That, for women who choose it, raising children is an important and fulfilling full-time job
- That a family's decision for a mother to stay at home to raise the children often involves considerable financial sacrifice
- That there is no one right way to raise children, but our members have a common concern in raising their children in a healthful way
